The Government of India has notified NEP-2020 on July 29, 2020 based on Dr. Kasturirangan Committee's Report. The objective is to bridge the gap between the current system of education and what is required in the 21st century. It is to have Holistic and Multidisciplinary Under-Graduate Education to produce employable graduates with integrated personality.

The Government of Karnataka had constituted a Task to suggest an Implementation Framework for NEP-2020. It had also constituted two sub-committees, one on Curriculum Reforms in Higher Education and the other on Governance and Regulations.

The Task Force has suggested NEP-2020 Implementation Framework for Karnataka. The State Government has accepted the action plan and taken steps to implement NEP-2020, as per the Implementation Roadmap suggested by the Task Force.

The Sub-committee on Curriculum Reforms in Higher Education had suggested a Draft Curriculum Framework for Undergraduate Programs in various disciplines. The State Govt. had also constituted Faculty-wise Committees to consider this draft framework to formulate program structures in their faculties. These Committees have submitted their reports. The latter were considered in the meetings of all the Vice Chancellors. The following Model Program Structures were designed for various Under-Graduate Programs in Arts, Science, Commerce and Management. The Subject Committees constituted to design and draft the curriculum in their subjects have followed these Model Program Structures. The Terminology used in these Program Structures are.

Discipline Core (DSC) refers to Core Courses/Papers in a Core Discipline/ Subject/Interdisciplinary subject

Discipline Elective (DSE) refers to Elective Courses/Papers in the Core Subject or Discipline/ Interdisciplinary subject.

Open Electives (OEs) refer to Elective Courses/Papers in a non-core Multidisciplinary Subject across all disciplines.

Program Structures also contain Ability Enhancement Courses (AECC) (Languages), Skill Enhancement Courses (SEC) and skills and value-based courses). Pedagogy involves L+T+P model. Generally, subjects with practical involve L+P, while the subjects without practical involve L+T model. The numbers in parentheses indicate credits allotted to various courses/papers as per definitions of Choice Based Credit System (CBCS). Generally, 1 hour of Lecture or 2 hours of practical/field work per week in a semester is assigned one credit. Generally, core subject theory courses/papers will have 3 or 4 credits, while practical are assigned 2 or 3 credits.

The Model Programme Structures for various Under-Graduate Programs in Arts, Science, Commerce and Management have been updated in the light of UGC notification on "Curriculum and Credit Framework for Undergraduate Programmes in all the Higher Education Institutions (HEIs) in India" (F. No.:- 1-1/2021(QIP)(CBCS) dated 12-12-2023), a copy of which is attached herewith.
